

COMPLETE DIVISION SOLUTIONS FOR YOUR WORKPLACE

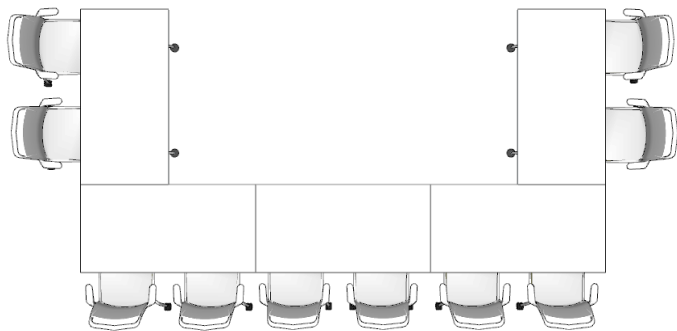

If you have employees that might feel anxious & uncertain about their office environment, see if you have any of these typical office spaces that might need some rethinking. Or if you need a custom solution – send it to us to create.

We have a **Complete line of standard products and custom solutions** with great lead times!

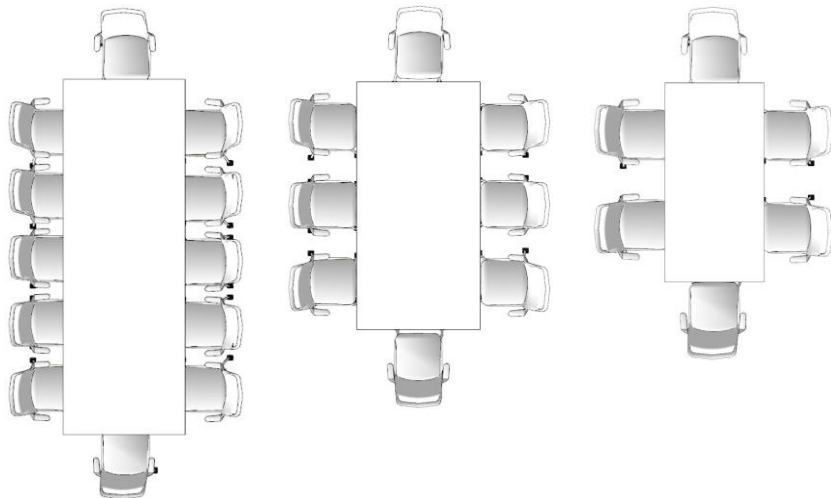

Workstation Cubicles

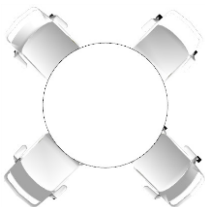

Training Rooms

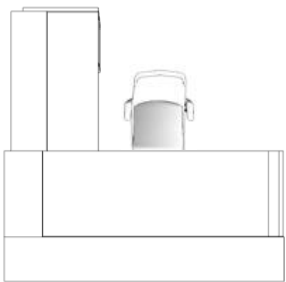

Conference Rooms

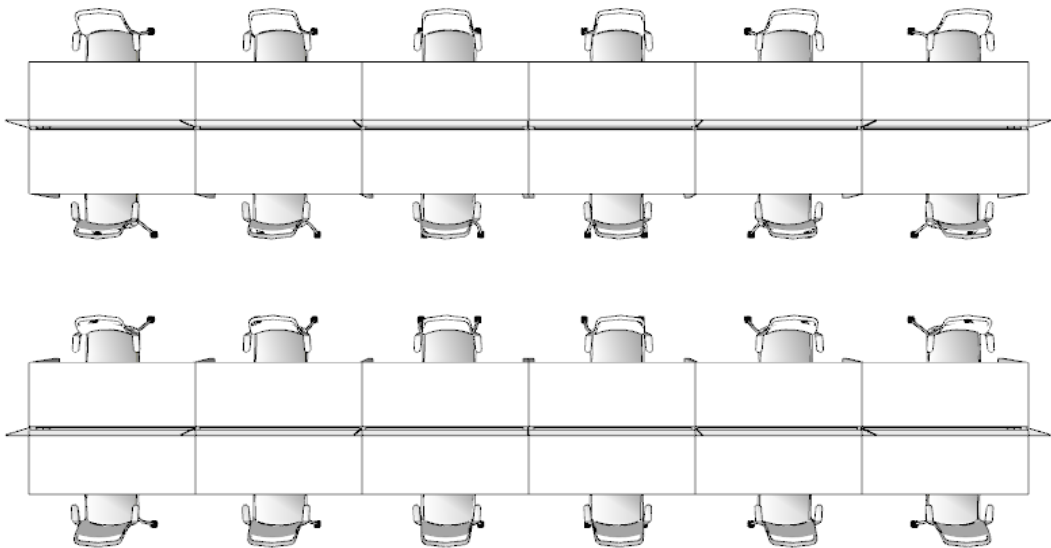

Huddle Rooms

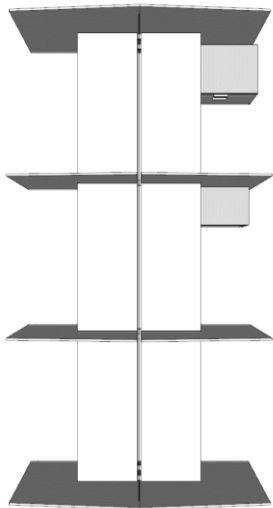

Reception Areas

Benching Workstations

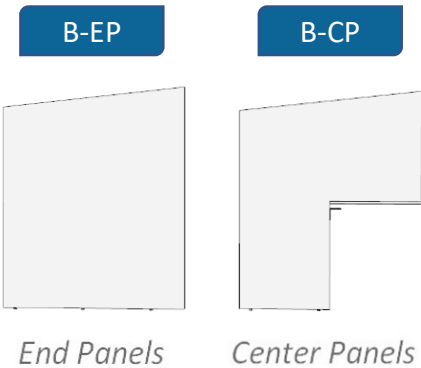

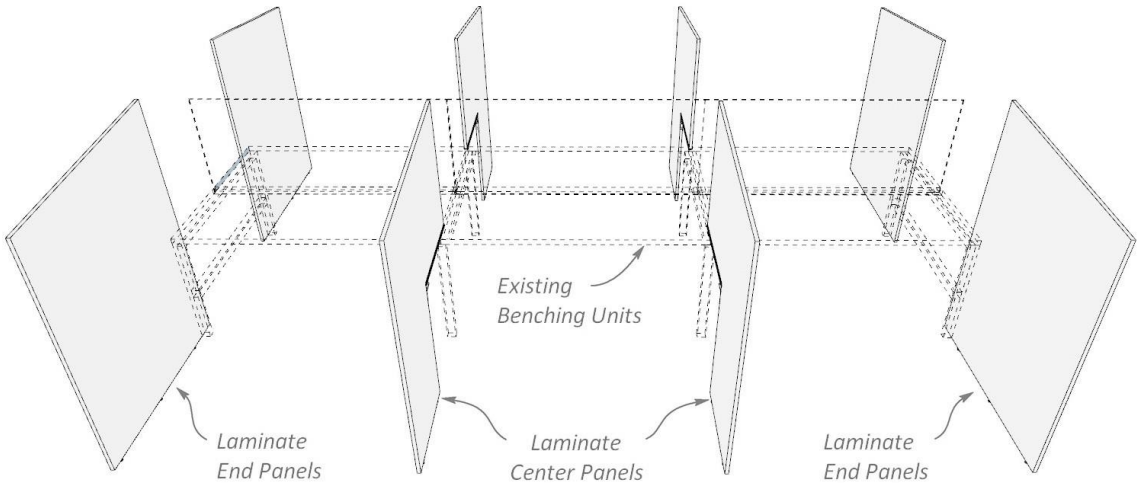

Divider sizes 53" High, for 24" & 30" Deep Worksurfaces (or custom sizes)

Our Laminate Dividers will function with any standard benching or desking system and each takes only a few minutes to install. Because they are offered in any major high-pressure laminate, they are easy to wipe clean and sanitize to help maintain a germ-free space.

We offer Center Panels with an opening under the worksurface and End Panels for the end of stations runs. Our dividers comes complete with all attaching hardware and can be ordered in a Dry Erase Laminate. Available in various heights and widths to match your existing stations – Custom Sizes Available.

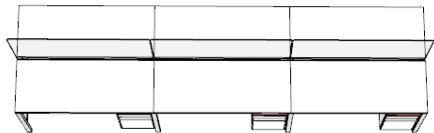

Dividers DO NOT deface any existing visual components.
